# CUSTOM UPHOLSTERY

G&S Architectural Products provides custom upholstery for many of your interior areas. From corporate lobbies, huddle rooms to school library booths we can meet your needs. Once you have your substrate we can take it from there with measuring, fabric selections, cushion installation and delivery. As shown below we offer a variety of edges, options, and pillows for an array of configurations. All cushions are mounted with heavy duty velcro. Custom work is what we specialize in, so challenge us with your designs.
